

KILLED BY A SHAFT

Horrible Fate of a Youthful

Toiler

IN A MUSKOGON SHINGLE MILL

His Tender Body Caught by the Rapidly
Revolving Shafting and Crushed Al-
most Beyond Recognition.

MUSKOGON, Mich., July 14.—Malcolm Carlson, aged 13 years, was drawn around a shaft in Strong & McBride's shingle mill and so terribly injured that he died in about an hour, after suffering untold agony. He was employed to keep the first floor of the mill clear, and his work being well up, was looking about the machinery. In stepping over a low piece of rapidly revolving shafting the sleeve of his right arm caught and he was drawn round, striking the floor so one knows how many times, in the few minutes before the machinery was stopped.

When taken up by the workmen he was in an almost indescribable condition and terribly mangled. The shaft that killed him was about two feet above the floor.

MICHIGAN MILLERS

Beware Poor Prospects and Favor the

Anti-Option Bill.

LANSING, July 14.—The Michigan Millers held a midsummer meeting at the hotel Downey here today. The membership of the association, which really represent the number of mills in the association is ninety-two with a capacity of 15,000 barrels, an increase in membership of eight and in capacity 2,070 barrels since the beginning of the year.

The condition of the milling business has been bad all the year with no immediate prospect of an improvement. The members of the association shipped for the six months ending July 2, 235,485 barrels of flour, and 6,982 pounds of feed which is a falling off of \$2,000 barrels of flour and 3,300 tons of feed from the previous six months. Altogether the outlook is not promising. It was decided to join the Tri-State Millers association. C. M. Coombe of Coldwater was elected a member of the National Millers association for Michigan. It was voted to request the Michigan senators to vote for the anti-option bill.

The National Traffic association will be asked for a reduction of the schedule on flour and for a special between Chicago and Boston.

KILLED BY HIS FATHER.

Bartlett at Death's Door When His

Wife Was Confined.

WEST BAY CITY, Mich., July 14.—Yesterday's bloody shooting affair in this city still continues to be the subject of conversation on the streets of the two cities. The doctors performed an operation on the little 5-year-old son who was shot, but the boy died at midnight. The mother gave birth to a son last night, and this morning both the mother and child are getting along nicely, and the doctors have hopes that both may live. The brutal father lies at the county jail under care of physicians. He has a very high fever and the doctors don't think he will recover. Bartlett had become despondent, and although he refused to say anything to the newspaper men, he told a friend that he had always had lots of trouble and had intended to wipe out his whole family consisting of himself, his wife, the little boy and the girl. The woman, who lies in a semi-conscious condition does not yet know that her husband shot himself or that her little boy was shot and is dead. The crime was performed very coolly, and Bartlett, after emptying the five shots in the revolver into his family, reloaded the weapon and fired one of the fresh shells into himself.

BAPTIST YOUNG PEOPLE

Meet in Detroit—Five Thousand Dele-

gates Present.

DETROIT, July 14.—The first annual convention of the Baptist Young People's union was opened this evening, nearly 5,000 delegates being present. The preliminary services of the session were led by the Rev. L. L. Harrison of Baltimore, Md. At 7:45 o'clock President Chapman formally opened the convention open and then introduced A. H. Finn, president of the Detroit union, who made the address of welcome on behalf of his union. The address of welcome on behalf of the Baptist church of Detroit was made by the Rev. Z. Grenell of the First Baptist church. The congregation then arose and sang a hymn written expressly for the occasion by Heskiah Butterworth of Boston. The response on behalf of the officers and board of managers to the address of welcome was made by the Rev. William M. Lawrence of Chicago.

ANN ARBOR, Mich., July 14.—Miss Kate E. Jacobs, daughter of Indian Commissioner Joe T. Jacobs, died at 4 o'clock this morning of bilious fever, aged 22 years. Miss Jacobs was a cultured singer and had studied in Europe. She sang in the Jefferson avenue Presbyterian church, Detroit.

BELLEVILLE, Mich., July 14.—George Albion, a farmer living five miles south of here, was prostrated by a sunstroke while working in the fields yesterday and died in a few minutes. He leaves a widow and four children.

Wyandotte Strike.

DETROIT, July 14.—The strike in the Eureka iron mills at Wyandotte is still on. The strikers will not resist the

The highest price, among all blood-purifiers, belongs to Dr. Pierce's Golden Medical Discovery. See if you don't think so, when you consider how it sold in 1876. It's guaranteed—and no other medicine of the kind is. If it ever fails to benefit or cure, you have your money back. Wouldn't every medicine make the same terms if it could do as much good? But the "Discovery" acts differently. Just as it's sold differently. It's not like the sugar-plum, which claims to do good in March, April, and May. All the year round, with equal benefit. It cures, purifies and invigorates the whole system. All Blood, Skin and Scalp Diseases, from a common blood or eruption to the worst Scrofula, are cured by it. For Salt-rheum, Tetter, Eczema, Erysipelas, Boils, Cancer, Sore Eyes, Greasy or Itchy Skin, and Enlarged Glands, Tumors, and Swellings, it's a remedy that nothing can equal.

It's the cheapest one, too. With this, you pay only for the good you get. Refuse worthless substitutes.

employment of non-union men, but they have not materialized. The struggle is simply over the recognition of the Amalgamated association.
